## Statement on the Cedar House Grade 12 National Senior Certificate Results 2024

As we celebrate the 2024 Grade 12s and their final results, we are reminded of the incredible determination, hard work, and resilience displayed by our students throughout this challenging journey. These results reflect not only their academic achievements but also the character and perseverance they have shown in navigating the demands of their final school year.

These results would not be possible without a robust support system for each student. We extend our heartfelt gratitude to the teachers for their unwavering dedication and willingness to go above and beyond to support their students in achieving excellence. To you, the parents and caregivers, we express our sincere appreciation for your steadfast support and encouragement during this challenging period.

**On a subject level:**

**Distribution of Distinctions**

The 113 distinctions were spread across the following subjects.

Special mentions: Each of the following subjects achieved a distinction rate of 40% or more.

**History:**  
54% of the students achieved distinctions and 29% achieved B's

**Dramatic Arts:**  
78% of the students achieved distinctions. The rest of the class achieved B's.

**Geography:**  
40% of the students achieved distinctions with a further 30% achieving B's.

**Mathematical Literacy:**  
48% of the students achieved distinctions. A further 30% achieved B's.

**Visual Arts:**  
46% of the students achieved distinctions with a further 27% achieving B's.

**On an individual level:**

**Students who Shone Bright**

We are proud of the students who have worked hard to achieve distinctions in multiple subjects.

Cedar House revels in the outstanding individual achievements of our students, however, true recognition must go to each of these students, who worked hard to achieve such prestigious academic success.

# TOP 1%

There are four students who achieved in the top 1% in particular subjects:

Hannah Abrahams in English Home Language  
Jethro Falconer in History  
Rory van Biljon in Mathematical Literacy  
Zara Maresky in Visual Arts

The results of the final exam in no way adequately reflect the rich stories of the 2024 Grade 12s. Hidden in there are many individual stories, each one of which reflects growth and achievement. We celebrate our students who have had to push through difficult times, who have had to spend years developing coping strategies for barriers to learning and those who have achieved personal bests in their subjects.

To our matriculants, congratulations on reaching this important milestone. As you step into the future, we are confident that the knowledge and values you have gained will empower you to contribute meaningfully to the growth and development of our nation. South Africa is brimming with possibilities, and with your determination and creativity, we know you will help shape a brighter future for us all. We wish you success and fulfilment as you embrace the opportunities ahead.
